

## Restriction of Hazardous Substances

egnite Software GmbH certifies, that the use of lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) and polybrominated diphenyl ether (PBDE) is banned in all electrical and electronic products manufactured and shipped after July 1, 2006.

egnite products are lead free and fully compliant with the European Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment 2002/95/EC, also known as the RoHS directive.

A handwritten signature in black ink, appearing to read "Harald Kipp". The signature is fluid and cursive, with a prominent initial "H" and "K".

Harald Kipp

General Manager  
egnite Software GmbH

Castrop-Rauxel, June 24th 2006
